Use this icon to return to this menu at any time.

We're proud to offer world-class online occupational health, safety and environmental management training worldwide.

Whether you run a building construction site or a catering team, having well-trained staff is vital, and that's where we can help. We deliver international NEBOSH, IOSH and IEMA approved courses, enabling your company to assess and manage risks, protect employees, and preserve the environment.

Our reputation means everything to us. Going the extra mile for our customer is how we have earned it. And living by our core values is how we keep it.

## **Go Virtual**

We connect with our colleagues and friends every day using virtual tools... so why not use the same tools to enhance your career and gain your qualification as a qualified Health and Safety professional?

Our virtual learning courses are opening up a new world for teaching and learning, and we want you to join us.

Using the latest video conference software, we're able to bring you the same market-leading classroom training straight to your door - regardless of location.

## NEBOSH International Certificate in Occupational Health and Safety

The NEBOSH International Certificate Virtual course is relevant to every workplace. It is ideal for managers, supervisors and anybody with health and safety management responsibilities. It's also the perfect course for those embarking on a health and safety career - a virtual steppingstone to success.

## **NEBOSH HSE Certificate in Health and Safety Leadership Excellence (1-day course)**

NEBOSH has worked with Great Britain's Health and Safety Regulator, the Health and Safety Executive (HSE) to develop a one-day health and safety qualification for senior business leaders or those aspiring to this role.

The NEBOSH HSE Certificate in Health and Safety Leadership Excellence is interactive, thought provoking. It highlights the moral, legal and financial reasons for good health and safety leadership and offers guidance on the key areas to focus on to achieve it.

### **2021 Virtual Course dates and prices**

**£250 / \$335 +VAT**

- 09 February 2021
- 17 March 2021
- 11 May 2021

## **IEMA Foundation Certificate in Environmental Management (5-day course)**

Our virtual IEMA Foundation Certificate virtual course is the convenient and eco-friendly way to develop your sustainability knowledge, benefit from all the perks of IEMA Associate membership (AIEMA) and become a green inspiration in your company.

Covering a wide range of environmental, sustainability and governance principles, this course will give learners an understanding of the breadth of the sustainability agenda, and the management tools and skills that they will need when working within this area.

### **2021 Virtual Course dates and prices**

**£945 / \$1,255 +VAT**

- 22 – 26 February 2021
- 12 - 16 April 2021
- 14 – 18 June 2021

## **IEMA Certificate in Environmental Management (15-days split across three weeks)**

Our IEMA Certificate in Environmental Management Course syllabus covers a wide range of environmental and sustainability issues to enable you to become a practitioner who can drive change in organisations. A practical approach is adopted to enable organisations to improve their environmental performance and reduce their impacts, both strategically and operationally.

### **2021 Virtual Course dates and prices**

**£2,695 / \$3,575 +VAT**

- 
- **Week 1:** 18 to 22 January 2021
  - **Week 2:** 22 to 26 March 2021
  - **Week 3:** 24 to 28 May 2021
  - **Week 1:** 12 to 16 April 2021
  - **Week 2:** 07 to 11 June 2021
  - **Week 3:** 09 to 13 August 2021

## **IOSH Managing Safely (3-days)**

Our IOSH Managing Safely certificate is targeted at managers in any organisation or sector who are required to manage risk and resources. It aims to ensure that safety issues are appreciated by those who are employed as line managers and to enable these people to review their departmental systems for safety. The course also helps managers to introduce new controls and implement changes to reduce risks in the workplace.

### **2021 Virtual Course dates and prices**

**£595 / \$795 +VAT**

- 
- 17 to 19 February 2021
  - 20 to 22 April 2021
  - 22 to 24 June 2021

## **IOSH Safety for Executives and Directors (1-day)**

Our Safety for Executives and Directors course helps Directors and Senior Managers plan their organisational strategic objectives for health and safety risk management. It provides an understanding of the moral, legal and business case for proactive risk management and its integration into holistic business management.

### **2021 Virtual Course dates and prices**

**£220 / \$295 +VAT**

- 15 February 2021
- 12 April 2021
- 22 June 2021

We've taken inspiration from a variety of educational approaches to put together a course that's engaging.

We support you to draw on and share your own experience, and we can also offer you tips from our own experiences and insights from other groups. Where possible, we give you new, shared experiences in the tutorials that you can use to explore an issue or practise your skills.

**Here are a few unique highlights of our approach to your learning experience:**

## **Learner-Centred**

Our learner-centred approach allows you to be an active participant in your learning experience. On the course, we are interested to learn about your background, needs, and interests so that you take away relevant and meaningful outcomes. Your tutor will guide you through your virtual live classroom environment, including the opportunity to teach one another in your group through collaboration and personal interactions.

## **Collaborative & Interactive Learning**

There are a variety of ways for you to collaborate with other learners on the virtual course, including discussions through our LinkedIn community. Once you have completed your days learning, you will have the chance to think about questions in advance of the next day's session and can talk to your tutor either on the tutorial or on a one-to-one basis.

## **Accessibility**

Virtual learning works great for companies with multiple locations or who have employees who work off-site. Anyone with access to a laptop or computer and an internet connection can participate.

## Diversity

Because virtual training is more accessible, the course is more diverse. You may find the conversation is richer, more varied, and more effective than some discussions that take place between a group of people who interact with each other daily.

## Immediate Feedback

As an Astutis virtual classroom learner, you will have access to the course tutor during the daily sessions, as well as access via email. You can have questions answered by fellow learners in real-time via the course community, which is beneficial for checking your understanding of any of the concepts you come across in the course.
